Strategical Problems of Warring Nations Are Now Becoming Apparent.

### KIEL CANAL IS BIG FACTOR

Capture of Waterway by Enemies of Germany Might Prove Turning Point of War-Importance of Paris and Berlin.

Notwithstanding the meagerness of details from Europe, the strategical problems for Germany and France the last few days.

France must protect her frontier against German invasion and at the same time she must proceed as fast as possible towards the Kiel canal. That canal is apt to prove the turning point in the war if the triple entente gets control of it, according to a The German corps which landed in military expert writing for the Chica- Finland and therefore behind St. Pego Tribune

Germany, on the other hand, must protect her French border and the Kiel canal and drive her forces into the assistance of the other Russian Russia as fast as possible.

The question now presented to Germany and France is where to attack.

The capture of Paris alone at pres- ate Warsaw, which was officially deent probably would not bring about a nied at St. Petersburg. Weighing this cessation of combat on the part of the Strawberries have been known in French, as the sinews of war have England from the earliest times, but been well provided further to the

opportunity and advanced on Namur. Mulhausen, Colmar and the little strip in Lorraine, which were not defended, as it might be possible that the enthusiasm and popular clamor of the French would force an invasion of their lost provinces of Alsace-Lorraine. But it is highly improbable that a determined advance in force will be made on this line even should popular clamor demand it.

The German Plans. Germany on the other hand has not only France to attend to but Russia as well. In considering her plans she also must take into account Austria. Should Russia be allowed to mobilize fully and concentrate, it is probable that she would be able to overwhelm Austria, first attacking on the Lemberg-Bucharest (Roumania) line. It is probable that Germany is acting

with rapidity against Russia. What press dispatches have drifted through indicate that 40,000 Germans landed some three days ago between Hango and Helsingfors in Finlanc. This force in all probability consisted have become more apparent during of one army corps and one cavalry division, some additional heavy artillery.
